

BATONS

ELITE SIDE HANDLE

This control baton has been engineered with safety in mind. The design has been field tested and has been found to be highly effective for blocking, controlling, and striking.

Features:

- The locking mechanism ensures the baton will stay locked open while striking, blocking or jabbing
- Closes with a push of a button - no need to strike the baton on the ground
- Increased diameter compared to the standard Auto-Locking baton
- Open passively or in a high-profile manner
- Rotating shafts help maintain control of the baton during a struggle
